

What's the best way to figure out what you want to do after school? Talk to those who have been there.

Year 11 students.....you're approaching your final year of high school and it's time to start thinking about and preparing for what comes next.

University, TAFE, a gap year, apprenticeships, traineeships, short courses...my parents want me to do this, my friends are planning this, I'm passionate about this but is there really a career in that? SO MUCH NOISE! It can get loud and it can be confusing thinking about what you want to do after high school, but you can get on top of it!

HOW CAN WE HELP?

From now until the end of Term 1 2021, Uni Connect is offering you the chance to chat to UOW student mentors once a month via Zoom. It's like a check in - you get to talk through your goals and thoughts about the future, and ask questions relevant to you.

WHAT'S IN IT FOR YOU?

The truth is - it's a good idea to get informed on your options now, so you can start taking action throughout Year 12 to achieve whatever it is you are aiming for.

Uni Connect can help you figure out what you want and how to get there. Your questions, thoughts, feelings and goals are what will drive the conversation in each session - it really is like a personalised consultation service. It's free of course and purely about you and your fellow Year 11's who want to get ahead of the game.

All you've got to do is sign up!

Uni Connect.
It's you, fellow Year 11
students, UOW mentors,
and a safe online space
to chat about the future!
